July 2021 Labor Force Survey

EMPLOYMENT RATE

Employed persons include all those, during the reference period that are 15 years old and over as of their last birthday and are reported either at work and with a job but not at work.

UNEMPLOYMENT RATE

Unemployed persons include all those, during the reference period that are 15 years old and over as of their last birthday and are reported as persons without work, currently available for work, seeking work and not seeking work.

UNDEREMPLOYMENT RATE

Underemployed persons include all employed persons who express the desire to have additional hours of work in their present job, or an additional job, or to have a new job with longer working hours. Visibly underemployed persons are those who work for less than 40 hours during the reference period and want additional hours of work.

Labor Force Survey

LABOR FORCE PARTICIPATION RATE

This refers to persons 15 years old and over who are either employed or unemployed.

TOTAL POPULATION OF 15 YEARS OLD AND OVER

This refers to number of population 15 years old and over excluding overseas workers. overseas workers are excluded in the estimation of the size of working population (population aged 15 years and over) since the data on their economic characteristics are not collected because they are not considered part of the labor force in the country.
