# PRESENTATION OUTLINE

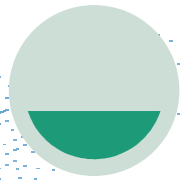

Introduction

The CoRe-Is

Future Direction for the CoRe-Is

# Introduction

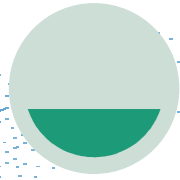

## Rationale

In the 1<sup>st</sup> RSC Summit in September 2016, it was underscored that there is a need to develop a minimum set of indicators that are available at the subnational level to:

### Definition of the CoRe-Is

- **monitor** the social, economic, political, cultural, and environmental developments in the local communities;
- **aid** the government in understanding the needs of the local communities;
- **enable** both the national and local governments make the right policies, decisions, and actions.

These indicators would be produced, compiled, and disseminated taking into account comparability of indicators across regions.

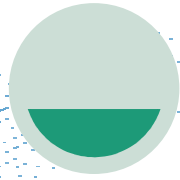

# Introduction

## Legal Basis

### Republic Act No. 10625

- Section 6h - develop and maintain **appropriate frameworks and standards** for the collection, processing, analysis and dissemination of data
- Section 6i - **coordinate with government departments and local government units (LGUs)** on the **promotion and adoption of statistical standards** involving techniques, methodologies, concepts, definitions, and classifications and on the avoidance of duplication in the collection of statistical information.

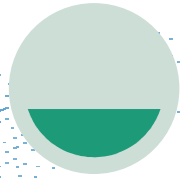

# Introduction

## Roles and Responsibilities of Stakeholders

### A. The PSA Regional Statistical Services Offices (RSSOs)

- 1) **coordinate** the conduct of meetings of the RSCs focusing on the generation and accessibility of CoRe-Is
- 2) **compile** and **disseminate** the CoRe-Is at least on an annual basis on its regional summits and other forms and channels and to be included in the Regional Social and Economic Trends (RSET) annual publication of the PSA RSSOs
- 3) **provide** technical assistance in the generation and development of the CoRe-Is as may be needed by the implementing agencies and local governments in the regions and provinces.

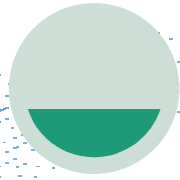

# Introduction

## Roles and Responsibilities of Stakeholders

### B. The Regional Statistics Committees (RSCs)

- 1) **oversee** the implementation and adoption in the regions
- 2) **provide** guidance in the continuous improvement and updating of the CoRe-Is
- 3) **identify** additional indicators to the CoRe-Is as needed to monitor the attainment of the region's development goals and targets
- 4) **elevate** to the PSA Board, any issue/matter regarding the compilation of the CoRe-Is which cannot be resolved at the subnational level

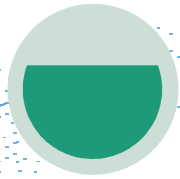

# Introduction

## Roles and Responsibilities of Stakeholders

### C. The Philippine Statistical System (PSS) and other government instrumentalities

- **provide** the necessary data support to compile and disseminate the CoRe-Is
- **improve** on the CoRe-Is list as may be needed in the monitoring of the progress of regional development goals and targets, which can be determined by the National Economic and Development Authority (NEDA), other government agencies, and Local Government Units (LGUs).
