

2024 REGIONAL DATA FESTIVAL

South Luzon Cluster

17–18 October 2024

CONTEST MECHANICS

INFOGRAPHICS MAKING CONTEST

CONTEST DESCRIPTION:

The Infographics Making Contest is a contest on the preparation of infographics based on data reports of official statistics. An infographic (information graphic) is a visual way of presenting data and information intended to make them easy to understand at a glance. It can take the form of a chart, diagram, or illustration and usually involves minimal text. In line with the Philippine Statistics Authority's (PSA) aim to promote the use and appreciation of official statistics, the contest will help increase statistical literacy and awareness as well as statistical advocacy and dissemination. The infographics should showcase the power of visual communication and the dissemination of knowledge and effectively convey the information or data to its audience.

CONTESTANTS:

Open to students from the invited private and state universities and colleges in the Philippines. One (1) contestant will be identified by each participating school prior to the conduct of the 2024 Regional Data Festival South Luzon Cluster and should be registered.

CONTEST MECHANICS:

1. Infographics should be computer-generated or graphically designed. Thus, each contestant must bring their own laptop or tablet, whichever is preferred, and use this to make the infographics.
2. Each contestant will be provided with the same report, along with the corresponding statistical table(s) on official statistics published by the PSA, on the first day of the event.
3. Contestants will be given a time limit of 50 minutes to make their infographics.
4. The contestant is free to use any software, application, or site in making the infographics (i.e., PowerPoint presentation, Canva, Photoshop, Visme).
5. It must be written in English.
