# SPECIAL RELEASE

## POPULATION OF BARANGAY JESUS DE LA PEÑA, CITY OF MARIKINA

(Results based from 2015 Census of Population)

**Date of Release: May 19, 2021**

Reference No. 2020-SR-004 (POII)

The Census of Population, which is a complete enumeration of households in the country, is designed primarily to take an inventory of the population of all barangays in the Philippines as mandated by RA No. 10625 and Executive Order No. 352. It also collects information about some characteristics of the population such as age, sex, marital status, and highest grade completed.

This special release presents data on the population of Barangay Jesus De La Peña, City of Marikina. Figures are based from the tabulated data of the 2015 Census of Population.

### Total Population of Barangay Jesus De La Peña Reaches 10,175

The total population of Barangay Jesus De La Peña, City of Marikina reached 10,175 as of August 1, 2015. This accounts for 2.3 percent of the city's total population. The household population of Barangay Jesus De La Peña was equal to its total population since there were no institutional population or those residing in institutional living quarters such as hotels, hospitals, orphanages, home for the aged, jails and military camps.

Table 1. Total Population, Household Population, Institutional Population Brgy. Jesus De La Peña, City of Marikina: 2015

Total Population	10,175
Household Population	10,175
Institutional Population	0

*Source: Philippine Statistics Authority, 2015 Census of Population*

Of the household population, 5,041 or 49.5 percent were male while 5,134 or 50.5 percent were female. These figures resulted to a sex ratio of 98 males per 100 females.

### Persons Aged 15 to 19 Years Comprise the Largest Age Group

The age-sex distribution of the population showed that persons aged 15 to 19 years comprised the largest age group, making up 9.8 percent of the household population. This was followed by those in the age groups 20 to 24 years (9.4 percent), then 10 to 14 years and 25 to 29 years (both at 9.2 percent).

Males outnumbered females in the age groups 0 to 54 years. Females, on the other hand, outnumbered their male counterparts in the older age groups (55 years old and over). *Refer to Table 2 for details.*

**Figure 1. Total Household Population by Sex and Age group in Brgy. Jesus De La Peña, City of Marikina: 2015**

Source: Philippine Statistics Authority, 2015 Census of Population

### Median Age is 28 Years

In 2015, the median age of the household population of Barangay Jesus De La Peña was 28. This means that half of the household population was younger than 28 years. This was higher than the median age of the City of Marikina which was 27 years.

### Five in Seven of the Household Population are of Voting Age

A total of 7,136 or 70.1 percent of the barangay's household populace belonged to the voting population or those aged 18 years and over. There were more female voters (3,694 or 51.8 percent) than male voters (3,442 or 48.2 percent). Refer to Table 3 for details.

### Senior Citizens Constitute 8.3 Percent of the Household Population

People who were regarded as senior citizens were those aged 60 years and over. In 2015, senior citizens made up 8.3 percent of the barangay's household population. Among the senior citizens, females (57.7 percent) outnumbered males (42.3 percent). Refer to Table 2 for details.

### Overall Dependency Ratio Totals 43 Dependents

The overall dependency ratio of Barangay Jesus De La Peña was 43, which indicates that for every 100 working-age population, there were about 43 dependents (35 young dependents and 8 old dependents). This was lower than the overall dependency ratio of the City of Marikina which was 48 dependents. Refer to Table 4 for details.

**Figure 2. Total Household Population by Dependency Ratio in Brgy Jesus De La Peña, City of Marikina: 2015**

Source: Philippine Statistics Authority, 2015 Census of Population

### One Elderly for Every Three Children Below 15 Years

The ageing index or the proportion of persons aged 60 years and over per 100 persons under the age of 15 years in Barangay Jesus De La Peña registered 34.2 percent. This translates to one person aged 60 years and over for every three children under 15 years old.

### Never Been Married Persons Tally 48.5 Percent

Of the total household population 10 years old and over, 48.5 percent has never been married while 36.5 percent was married. The rest of the population was categorized as follows: common-law/live-in (8.7 percent), widowed (4.0 percent), divorced (2.3 percent) and unknown (0.0\* percent). Among those who have never been married persons, a higher proportion in males (51.2 percent) than females (48.8 percent) was recorded. Meanwhile, the proportion of females was higher than males among those who were widowed (73.9 percent), divorced/separated (62.9 percent), common-law/live-in (50.9 percent), married (50.4 percent) and unknown (75.0 percent). Refer to Table 5 for details.

## TECHNICAL NOTES

The 2015 Census of Population (POPCEN 2015) was undertaken by the Philippine Statistics Authority (PSA) in August 2015 as mandated by Republic Act No. 10625, otherwise known as the Philippine Statistics Act of 2013. It was the 14th census of population that was undertaken since the first census in 1903. POPCEN 2015 was designed to take an inventory of the total population all over the Philippines and collect information about their characteristics. Census day for the POPCEN 2015 was August 1, 2015 (12:01 a.m.). POPCEN 2015 made use of the de jure concept of enumeration wherein households and persons are enumerated in the area where they usually reside as of the census reference date. Enumeration lasted for about 25 days, from 10 August to 6 September 2015. Enumeration was extended until 15 September 2015 for large provinces and some highly urbanized cities.

Total population	the sum of the household population and institutional population. It also includes Filipinos in Philippine embassies, consulates, and missions abroad
Household population	comprises of persons who belong to a household, the basic criterion of which is the usual place of residence or the place where the person usually resides
Institutional population	the population enumerated in collective or institutional living quarters such as: dormitories/lodging houses, jails/prisons, military camps, convents/seminaries, and mental hospitals
Household	a social unit consisting of a person living alone or a group of persons who sleep in the same housing unit and have a common arrangement in the preparation and consumption of food
Age	the interval of time between a person's date of birth and the census reference date (1 August 2015). Expressed in completed years (as of last birthday), it is recorded in whole number
Median age	the age at which exactly half of the population is younger than this age and the other half is older than it
Overall dependency ratio	the ratio of persons in the dependent ages (under 15 years old and over 64 years old) to persons in the economically active or working ages (15 to 64 years old) in the population

Marital status                      the personal status of each individual with reference to the marriage laws or customs of the country

Simple literacy rate                the proportion of persons aged 10 years and over who are able to read and write a simple message in any language or dialect

Highest grade / year completed    the highest grade or year completed in school, college or university

Usual activity / occupation        the kind of job or business, which a person aged 15 years and over was engaged in most of the time during the 12 months preceding the census
