PRESS RELEASE

PSA NCR III Registers First Infant in Pasig City Under the National ID System's 0–11 Month-Old Registration Program

Date of Release: 02 December 2024
Reference No. 2024-040

In the photo, PSA Registration Kit Operator John Ted Lobino is seen carefully taking the front-facing photograph of Chiara Kyla, the first infant registrant under PSO NCR III's National ID registration program. Chiara, an 8-month-old baby, is cradled securely in her mother Charmie Colinares Alana's arms as they patiently wait for the photo capture process to be completed. The setting is the PhilSys registration center in Barangay Pinagsama, Pasig City, where the saturation activity is ongoing. The scene highlights the seamless and family-friendly registration process for young children under the National ID System.

Pasig City – 02 December, 2024 – The Philippine Statistics Authority (PSA) NCR III proudly announces the successful registration of its first infant under the 0–11-month-old registration program for the National ID System, in Pasig City. An 8-month-old registrant, Chiara Kyla Colinares Alana, born on February 2, 2024, is now officially part of the PhilSys database, marking a significant milestone in PhilSys commitment to inclusivity and accessibility for all age groups.

The registration took place at the PhilSys registration center in Barangay Pinagsama, Pasig City, where the PSA is currently conducting a saturation drive. Charmie Colinares Alana, Chiara Kyla's mother, shared her experience: "Nahikayat po ako na iparehistro ang aking anak na 8 months old dahil nung nag-ikot po ang mga staff ng PSA na taga National ID, ipinaliwanag po nilang mabuti na yung National ID po ay maari nang gamitin ng aking anak sa pagkuha ng passport. Mabuti din po kasi malapit po sa bahay namin ang registration, kaya di ko na po kailangan dalhin sa malayo ang aking baby."

The successful registration underscores PhilSys' dedication to bringing services closer to communities, ensuring convenience for parents and guardians while enabling children to benefit from the National ID system from an early age. By providing young Filipinos with a valid proof of identity, the program empowers families to access government services more efficiently, including passport applications and other essential benefits. This achievement is a testament to the PSA's efforts in fostering inclusivity and building a robust, universal identification system for every Filipino.
