Explanatory Notes

Data on marriages presented in this release were obtained from the Certificates of Marriage (Municipal Form No. 97) that were registered at the Office of the City/Municipal Civil Registrars throughout the country and forwarded to the Philippine Statistics Authority. This release shows an overview of the registered marriages by age group of male and female and registration status that occurred from January to December 2023.

Vital Statistics are derived from information obtained at the time when the occurrences of vital events and their characteristics are inscribed in a civil register. Vital acts and events are the birth, deaths and marriages, and all such events that have something to do with an individual's entrance and departure from life together with the changes in civil status that may occur to a person during his lifetime. Recording of these events in the civil register is known as vital or civil registration and the resulting documents are vital records.

Marriage is a special contract of permanent union between a man and woman entered into in accordance with law for the establishment of conjugal and family life.

Place of Occurrence refers to the place where the vital event took place.
