Explanatory Notes

The data on the number of marriages, and deaths presented were obtained from the vital events registered, either timely or belatedly, at the appropriate Office of the City/Municipal Civil Registrar throughout the country and subsequently submitted for encoding to the Office of the Civil Registrar General through the Provincial Statistical Offices (PSOs) of the Philippine Statistics Authority (PSA) <https://psa.gov.ph/statistics/vital-statistics>. The information presented includes vital events that occurred from January to December 2023 based on data files received by the PSA - Civil Registration Service (CRS) from the PSOs and has undergone initial processing as of 30 June 2024. Thus, the figures presented herein are still provisional and may differ from the final count. (1) The vital events of Filipinos abroad are not yet included in this release, but Filipinos whose usual residence is abroad and foreign nationals with vital events occurring in the country during the reference period were included in this report.

Vital Statistics are derived from information obtained at the time when the occurrences of vital events and their characteristics are inscribed in a civil register. Vital acts and events are the birth, deaths and marriages, and all such events that have something to do with an individual's entrance and departure from life together with the changes in civil status that may occur to a person during his lifetime. Recording of these events in the civil register is known as vital or civil registration and the resulting documents are vital records.

Marriage is a special contract of permanent union between a man and woman entered into in accordance with law for the establishment of conjugal and family life.

Place of Occurrence refers to the place where the vital event took place.

Daily Average refers to the arithmetic mean of marriage occurrences per day.

Monthly Average refers to the arithmetic mean of marriage occurrences per month.
