

An illustration of several newborn babies sleeping peacefully in hospital cribs. The cribs are arranged in rows, and the babies are wrapped in blankets. The background shows hospital equipment like a bottle warmer and a scale.

DID
YOU
KNOW ?

Last year,

12,413*

babies were born in NCR during the same month – that's about 400 every day and 17 every hour, all to mothers who live in the region.

*Figures presented are still provisional and may differ from the final count
